PIED PIPERS DEFEND PERFECT RECORD

ONE-SIDED GAME FAVORS HAMLIN 34 TO 6

Sparked by an equally outstanding backfield and line, Hamlin High School encountered little difficulty in holding the Rule team on the small end of a 34 to 6 score last Friday night at Pipers Field.

Rule's only counter came the first two minutes of play following the kick off from Hamlin. A pass from Townsend to Brock was carried across.

Hamlin, undaunted by Rule's only score, tallied twice in the first quarter, making both trials for extra point good. Another touchdown came in the second quarter, followed by extra point. The remaining two touchdowns were made in the fourth quarter, with one extra point.

The thriller of the game came when Ivy picked up a kick-off on the 50 yard line and raced it across the goal.

FLASH!

PEP SQUAD ORGANIZED INTO PIPERETTE CLUB

Monday, October 16, the members of the Pep Squad met and organized a club. We selected Piperettes as our name, so, we are no longer a pep squad but a club. We have organized the Piperettes to make this organization more interesting or to be more recognized.

Officers for the year are: Velta Griffin, president; Fay Elkins, secretary and Joy Carroll, treasurer.

This organization will continue on through the year. We will participate in many other events, as having a booth at the Junior Carnival and cheering the basket ball games.

Our president appointed a committee to select the by-laws for our charter. They are: Bernice Beard, chairman; Wanda Bowen and Bobbie Stevens. On the booth committee were: Dorothy Kagler, Ann Lassiter and Frances Shelburne. The motto committee is: Billy Johnson, Inez Newell and Wanda Fancher.

We are looking for our boots every moment and expect to have them for the best game of the season, which is Stamford. We are working hard on our formation and expect a victory from the Pied Pipers. Our next Piperette meeting will be Friday.

E. D. Steed, of Sulphur Springs, was here this week with a load of fruits, canned and fresh from the trees. He says old Hopkins county always furnishes something to eat. Mr. Steed's wife and children accompanied him.

The game of all games in Hamlin is the game of Football when Hamlin's Pipers take on the Stamford Bulldogs, and that is to-night, October 20, 1939.

It should be the top-notch game of the season. Hamlin has not been beaten this season and the same is said of Stamford. Hamlin stock has mounted higher and higher as the various test games have been played on the season's pages, and only one game thus far has been played in the "conference" class.

Now Stamford's Bulldogs are coming to tackle the Pied Pipers on the Piper Field, and what a battle it should be. Stamford has a great team and Hamlin thinks they have one just as good if not a little better.

The greatest crowd of the season is expected this Friday night. The new field is brightly lighted and everything has been made comfortable and easy on both players and the fans.

The probable starting line up for the team will be as follows:

Hamlin	Position	Stamford
Sowell	E	Gainor
Walton	E	Lovvorn
Ellison	T	Gill
Barrow	T	Kelley
Kelley	G	Toney
Barton	G	Tidwell
Lasseter	C	Smith

We are very grateful to our neighbors and friends in everything that was done in the tragedy that took from us our daughter and sister. We especially thank Mrs. Dillingham, Mrs. Wilemon and Mr. and Mrs. Pete Bond for their efforts to render aid to Nola. In so many things our neighbors and friends were so good and kind and sympathetic in the trying hours, that it is impossible to find words that will express our deepest feelings of thanks to each and everyone.

Cushing-Hutton Concertiers to be Here Mon.

The Crushing Hutton Concertiers will present a radio revue of song and story in Hamlin High School on Monday, Oct. 23 at 7:30 P. M.

A new departure in the concert field which has found instant favor is used for the first time in the Cushing-Huttons Radio Revue furnish flesh and blood talent in programs of light and grand opera gems accompanied by electrically transcribed organ and orchestral backgrounds.

When the curtain is drawn the audience can see only the two artists with a beautifully gridded loud speaker at either side of the stage. The accompaniment emanates from the speakers and the singers present their dialogues, vocal solos and duets co-ordinated with this unseen accompanying medium.

Eileen Hutton, soprano, and Wilfrid Cushing, tenor, offer lively excerpts from popular operettas, grand opera selections, folk songs. Skits and novelty numbers add variety and lightness.

For two seasons they were supporting artists to DeWolf Hopper in Gilbert and Sullivan revivals. They have studied under eminent teachers. This program is artistic, unique brings a concert by a duo with a musical background equal to the large ensembles heard nightly over the radio. The transcribed accompaniments were made especially for the Cushing-Huttons by an N. B. C. orchestra in Chicago. With excellent voices, gorgeous costumes and beautiful scenic effects, the Cushing-Huttons delight every audience.

HAMLIN HIGH SCHOOL BAND - PARADED AT HASKELL

Hamlin High School Band had a delightful trip Wednesday. Headed by Director G. C. Collum, they visited Aspermont and cheered that fine little city with some good music.

Next came Old Glory and Sager-ton, and Rule on their way to the streets of Haskell in time to join in the opening parade of their Annual Fall Fair.

A number of school bands were in the parade, and prizes or honors were offered for First, Second and Third places. Anson was awarded first place, Knox City, second and Hamlin third place.

Hamlin's school band is now in its second year and has 40 members. The director and all the members are to be congratulated on their accomplishments.

Geographically speaking, the center of Texas is near Brady, say University of Texas geologists. Population center falls near McGregor in McLennan County.

Last week the Herald had a news item written about Editor and Mrs. Will Gay of Moody being here to see their parents, Mr. and Mrs. J. W. Gay, but the slip of paper failed to make the hook. We regret this friends, but sometimes that happens in a hurry hour. Mr. Gay, the father reached his 79th birthday Friday, October 6—and at the week end, their sons, Will of Moody and Joe Gay and family of San Angelo were here.

Mildred Barrow, Eva Louise Fowler and Marion Martin, of Hamlin, and Thelma Allene Dean McCauley, Texas, has been elected to membership in the Aggettes Club at Tarleton College. This announcement was made recently by Laura Fellman, professor of physical education, who is sponsor of this club. Unlike many of the clubs at Tarleton, the Aggettes is a combination social and service club. In addition to the several social affairs every year, the club undertakes to advance the interests of all women students at Tarleton.

ROYSTON MAN DIED SUDDENLY SUNDAY

Last Saturday afternoon, Frank Polk a pioneer farmer of the Royston community was in Hamlin, happy as was his custom. He was a familiar figure in this part of Jones and Fisher Counties, and had been for thirty-five years. But Sunday morning he was not feeling so well, and his wife requested him to remain in bed while she prepared breakfast, and a little while later she heard a noise and when investigations were made, Mr. Polk had fallen to the floor and was dead.

Frank Polk was among several of the older men who were in a happy frame of talk on Hamlin's streets right after the drawing Saturday, and one of the things he said he was going to do was to go with a bunch of the old women to the "Christmas-to-do" in Anson. But a few hours changed all plans.

Mr. Polk was born in Navarro County 75 years ago, and had lived in Fisher county about 35 years. He is mourned by his wife, Mrs. Minnie Polk, one son, Bill Polk and two daughters, Yvon and Mrs. Lee Smith, both of Royston.

Funeral services were held Monday at 2:00 P. M. at the family home, conducted by Rev. D. G. Reid of Abilene and Rev. Henry Littleton of Hamlin. Burial was in the Roby Cemetery.

various activities of the Red Cross are to be used.

Appointment of community roll call chairmen will be made this week, with every town and community in the county to be represented in the drive which starts November 11 and ends on Thanksgiving.

R. M. Swenson is county chairman and other county chairmen of the various activities are at Stamford, Anson and Hamlin. Directors of the county chapter are at the three above named towns and at Lueders, Avoca, Tuxedo, Hodges, Noodle and Hawley.

Birth rate in Texas is higher than that for the United States as a whole, University of Texas social scientists report.

Miss Elsie Wienke returned Wednesday from Houston where she attended the Ninth Annual Beauty Congress. Miss Wienke made the trip from Abilene by plane.

Farmers Are Stockmen And Methods Count Too

Increasing dry lot feeding of beef cattle throughout the South is giving farmers an efficient way to market grains, hays and silage, and cottonseed products that are raised in the South. Through experience and recommendations of Experiment Station and College leaders, many simple, practical feeding methods adapted to the South have been developed.

A simplified feeding program consists of starting cattle on all of the roughage they will eat, daily, with 1 pound of cottonseed meal, daily per head, for calves and 2 pounds for older stock. This daily amount of protein concentrate is increased gradually to the following minimum amounts: 350 to 500 pound calves, 2 to 2 1-2 pounds of meal, daily per head; 500 to 750 pound yearlings, 3 to 3 1-2 pounds, and 800 to 1,000 pound steers, 3 1-2 to 5 pounds. If legume hay is the roughage fed, the amount of meal may be reduced one-half.

Feeding of ground grain begins when cattle are receiving the full allowance of meal and roughage, and cattle will eat less roughage as the grain is increased. The amount of grain should be increased every 3rd day by 1-2 pound for calves, 1 lb. for yearlings and 2 lbs., per head, for mature steers. As the feeding progresses, grain increases should be made even more gradually if there is any indication of cattle "going off feed."

Thorough mixing of ground roughage, silage or cottonseed hulls with concentrate and feeding twice daily in troughs gives best results. Hulls are especially desirable for mixing with concentrates and for use with silage to prevent scouring. If hay is not ground, feeding in bunks or troughs reduces waste.

Plenty of clean water and salt should always be available, with oyster shell flour or ground limestone kept with the salt in a mineral box if the ration lacks calcium.

USING SILAGE AND FODDER
Tennessee and Texas Experiment Stations have proved that yearling and 2 year old steers can be finished economically on silage and 5 to 7 pounds, daily per head, of cottonseed meal. Calcium-rich minerals and salt are needed.

Ground grain sorghum fodder (bundles with heads) gives excellent results, in a mixture of 85 per cent ground fodder and 15 per cent cottonseed meal, for yearlings and two year olds. Added finish results from feeding 7 to 10 pounds of ground grain, daily per head, in the mixture during the latter part of the feeding period. One tenth of a pound, daily per head, of calcium-rich mineral is needed.

USING MEAL AND HULLS ALONE
Many feeders use only cottonseed meal and hulls for a quick, economical fattening ration for steers and cows. A mixture of one part meal and four parts hulls may be used throughout the feeding period, starting with 16 to 20 pounds of the mixture and increasing gradually. On full feed, the average 800 to 850 pound steer will eat about 3

FIRES DAMAGED HAMLIN PROPERTY

The past week was Fire Prevention Week and this fact was deeply set by a series of local fires.

The week previous, on Thursday night, the residence on Hope Ave., corner of 2nd street, was a complete loss from fire. This house was unoccupied at the time. This property was formerly owned by Bert Nobles, but at the time of the fire the house was owned by J. B. Eakins, if our information is correct.

Then last week right in the midst of "fire prevention," a high school girl was burned fatally.

Monday night, about 8:30 fire was discovered in the S. E. Jones Feed house on Farwell Ave, one block east of Main Street. The place was ablaze all over before the fire department could get into action. The fire was soon under control but practically everything in the feed room was ruined. This included considerable feed, poultry, equipment, medicines, hatchery units and a lot of machinery.

The origin of this fire was not determined.

Wednesday the fire department was called to the area near the Grammar School, about 3:30 p. m. This fire was a test drill not only for the kiddies, but to get the fire siren back in squealing order, after its "cold" silence.

D. O. SAULS DIED LATE WEDNESDAY

Death came to D. O. Sauls, at his home on Union Avenue at 7:30 o'clock, Wednesday night.

Funeral services were conducted at the First Methodist Church at 4:00 P. M. Thursday.

Mr. Sauls was a pioneer citizen and business man in Hamlin. Full sketch of his life will be given in next week's Herald.

Mrs. Eunice M. Thompson spent the past week end in Dallas seeing the State Fair and marketing. She was accompanied by her daughter, Mrs. Austin Poe, of Latham, Kansas, who is visiting her. Mrs. Poe left on Thursday of this week for a few days' visit with her sister, Mrs. Charlie Tupper in El Paso.

to 40 pounds daily. Another popular plan is the feeding of one pound of meal for each 100 pounds of live-weight, with all the hulls the steers will eat.

Use of the meal and hull mixture may be extended indefinitely by adding 2 to 3 pounds, daily per head, of alfalfa or other Vitamin A roughage after the first 60 to 90 days. A calcium-rich mineral is needed with salt.

SOMETHING TO THINK ABOUT

—Lately, we all have heard much about the radio being refused to certain kinds of talks called "controversial" subjects. Some one may think THAT curtailment of the freedom of speech, and it is in a way—but all talks over the radios, with few exceptions, are paid for according to time used, and it would appear that any "would-be-agitator" could get on the air if he could find a talker who would take the other side and pay for his time. Why not apply this standard to newspapers. Are we coming to that stage of free talk and free press? Are we to expect to be told to keep out of our papers things that are "controversial" even though it is paid for? Can we vision a situation whereby somebody wants to publish something and has the money on the barrel head and the editor can not take it till he hustles out and finds someone to take the opposite side? We either have free speech in America or we do not. Where can you draw the line? On this subject, it is clear that public sentiment in this nation takes care of how men and women use or abuse the rights of freedom of speech and free press. You and I know what to say and where to say it... pop off on the streets in an un-American style and see what happens to you.

—Here is another thing to think about. It is up in Washington. The general public is puzzled and can not make up its minds as to what will happen. Some very outstanding statesmen say that to repeal the present arms embargo will be a step towards war... and right around the corner is another bunch of statesmen who say that if we DO NOT repeal the embargo it means war. The uninformed American appears to think none of them know much about what to do. To read the Congressional Record from day to day as Ye Editor does, would lead you to think that they think the President has called them together to declare war, and the idea now is shall we or shall we not. At first many millions had the idea that to repeal the present Arms Embargo Act would mean to turn our whole fleet of shipping into war.

—Then there is another angle that puzzles the people. It is the way some senators are expressing themselves. If they were not Americans one would think they were German henchmen doing Hitler stuff right there in our senate chamber. Here is an example of one expression: Clark of Idaho says, according to a daily newspaper report:

"I don't believe that Great Britain and France, with their mighty empires, should be aided by the United States at this time for two reasons:

"First, by blindly and arbitrarily refusing even to negotiate for peace, they have placed themselves in the role of aggressors and therefore do not deserve our help.

"Second, if Germany is crushed, she will be driven into the arms of Stalin, building an empire of communism that will be a threat to the peace of the entire world."

—There is still another Senator Clark from Missouri who would have printed in the Record the expressions of the Mighty Flyer, an upstart who has been spoiled by too much honor, a young man who has enjoyed the peace and security of England for

several years, spied on Russia, and flattered, hobbled, bragged on and received decorations from Germany, and spouting off saying that the U. S. must get rid of English and French holdings in the Western Hemisphere. That does not sound like Americanism or American neighborliness. We are talking about one Charles Augustus Lindbergh. Yes, the Colonel has a right in this country to say what he pleases, and if it does not please the people he will shut up, and his piping will harm nobody. It is up to such papers as the Herald and the Abilene Reporter-News to carry publicity on every line, to convey public feelings. And we believe Mr. Lindbergh is being magnified too much by some Americans. It is interesting to quote the Abilene Reporter-News. It says:

'WE DON'T FEAR CANADIANS'

"For a century and a quarter the United States and Canada have lived side by side in perfect peace. No frowning fort mars the international boundary. No American head lies uneasily on his pillow for fear a Canadian army will invade his country. Customs formalities are kept at a minimum; you hardly know when you pass from one country to the other.

"In his gratuitous slap at our Canadian friends Colonel Lindbergh did both countries a distinct disservice. His crack that Canada has no right to draw this country into a European war just because she prefers the crown of England to American independence would have been worthy of Goebbels, but was hardly the sort of chauvinism one should expect from an American citizen genuinely interested in promoting good feelings between traditional friends.

"We sleep in peace in our beds, fearing no evil from Canada; but what if Hitler dominated the country on our Northern border? How would you, an American, like to have Hitler for a neighbor? Ask the Czechs, the Poles, and the French.

"If Lindbergh prefers Hitler to immediate proximity to Canadians, nobody is holding him. He can make it in a single hop, if he feels that way about it."

All of this is just something to think about.

Misses Annie Laura and Carrie Johnson and Mary Boyd, all teachers in the Ft. Stockton school, were at home over the past week-end.

Suffering Women Welcome "Build-Up"

A simple method is saving many women much pain and discomfort! It is based on the knowledge that women's headaches, nervousness, and cramp-like pain often are symptoms of functional dysmenorrhea due to a weak, run-down, under-nourished condition. That so many women find relief from these painful symptoms through the CARDUI "build-up" is easy to explain. By improving the appetite, assisting digestion and assimilation, CARDUI helps to build physical resistance against periodic pain. Thousands of women also report that CARDUI, taken just before and during "the time," helps to ease periodic pain.

News of the Week From the McCauley Community

(By PAULINE MABERRY)

On Thursday of the past week friends of Mrs. W. R. Henson honored her with an all day party, celebrating her sixty-ninth birthday. Mrs. Henson has been confined to her bed for a number of years and in order that her husband and friends could eat with her, the table was arranged by her bedside.

Mrs. R. T. Cypert brought a beautiful white birthday cake with "Happy Birthday to you" embossed in pink across the top. She also brought a lovely bouquet of chrysanthemums and ferns.

Friends came at all hours during the day, bringing gifts of fruits, candies, jellies, flowers and many other things. She received a host of birthday cards in the mail from friends. At noon, V. W. Jackson and his boys quartet came and sang several numbers which were greatly enjoyed by Mrs. Henson and her guests. Come again Brother Jackson, we think that would please Mrs. Henson very much.

Mrs. Henson's sister, Mrs. Dora Gill of San Angelo was here for her birthday party and stayed for a short visit with her.

Mrs. O. M. Henderson was taken to the Stamford Hospital for a major operation, October 10th. Her children, Elmer and O. M. Henderson of Joshua and Mrs. T. R. Miers of Fort Worth, Mr. and Mrs. Melvin Henderson of Avoca were present at the time, also her children of McCauley. She is doing nicely and hopes to be home by next Sunday. Mrs. Miers returned to her home last Thursday and the boys from Joshua returned home Saturday night.

Mrs. Ben Maberry, Mrs. Leonard Maberry and Frances went to Denton the past weekend to see Johnnie James, son of Mr. and Mrs. Ben Maberry who is attending N. T. S. T. C. Mary Emily Eakin of Hamlin returned home with them.

A number of friends from McCauley attended the funeral of Frank Polk of Royston, Monday.

Mrs. D. Young suffered another stroke of paralysis last Friday. It was light and at this time she is a little better, but she is still in the Rotan hospital.

Headachy, Breath Bad? Make This Check-Up

The Police Siren means "Look-out!" And so do Nature's signals—headaches, biliousness, bad breath, which are often symptoms of constipation. Don't neglect your sluggish bowels, for a host of constipation's other discomforts may result: such as, sour stomach, loss of appetite or energy, mental dullness.

Help your lazy bowels with spicy, all vegetable BLACK-DRAUGHT. Acts gently, promptly, thoroughly, by simple directions.

BLACK-DRAUGHT'S principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lazy bowel muscles. Next time, try this time-tested product!

(Tubby) Houghton were united in marriage Sunday by Rev. J. W. Price of Abilene. After a short trip they will go to Big Spring, where they will make their home. As yet, they haven't been heard from.

The High School Carnival was a success. There were more people in McCauley Saturday night than has been in a long time (at one time,) various people say. Miss Frances Davidson won the title of Queen of IPTA. (It Pays to Advertise.) Prizes were given and pop corn, hamburgers and pop were for sale. One of the attractions was Hi-Ki the horse with its tail where its head should be. The crowd assembled at the school house first for a program and then to see a magic trick and another play. Everyone enjoyed themselves immensely.

Miss Betty Jo Cooper returned to her home in Girard Monday.

Miss Martha V. Boykin has been visiting her sisters in Abilene for the past few days.

Rev. Houston Goldsmith and family of Los Angeles California have been visiting Mrs. Goldsmith's mother, Mrs. Moss and other relatives.

HASKELL FAIR RUNS THROUGH SATURDAY

With \$1,200 in cash awards posted for exhibits of agricultural products, livestock entries at the Central West Texas Fair here Oct. 18-21, exhibits in these departments are expected to surpass any previous showing. The fair will officially open Wednesday, Oct. 18 at 1 o'clock with a mammoth parade of decorated floats and cars, merchants entries, school bands and pep squads, and young women sponsors from a score of West Texas towns and cities. Entertainment features booked for the four days exposition include carnival shows and attractions, automobile and horse races, football, dances and a gigantic fireworks display, said to be the biggest ever staged in West Texas.

Highlighting the first day of the fair was the coronation of "Miss Central West Texas" as Queen of the 1939 Fair. Music for the colorful pageant is being furnished by Jack Amlung and his Crazy Hotel orchestra. Climaxing the coronation ceremony was an old-fashioned "Barn Dance."

Races will again be staged Friday and Saturday afternoons. On Friday night, the Haskell Indians and Anson Tigers will meet in District 10-A conference play.

The guests were seated by Mmes. Bell and Preston and a program rendered, after which Miss Stewart was presented with an array of beautiful gifts.

SENIOR NEWS

The Senior class had an important class meeting, Tuesday. We took a vote for our class colors and selected blue and orange with astors and marigolds as class flowers.

With our motto "Do More and Wish Less," as a guide, we have started our exciting line of events.

The Junior Carnival is only a few weeks off and the Seniors are planning for it in a big way. We have elected a beautiful queen and a handsome escort and are working hard to make them queen and escort of the high school. They are Mignon Waggoner and James Nicholson. To serve with them the Seniors selected 4 princesses. This is a new idea, conceived by the Seniors and we think it's a good one. These princesses are, Maxine Brundage, Wanda Wilemon, Charlene Rich, Tommie Nell Holman. The stunt float and booth committees began working on the carnival and we are going to do our best to make the Junior Carnival a great success.

The Seniors went into the lead again last Monday night with the first entertainment of any of the classes for this year. We all had a very exciting time, because it was a skating party and 22 Seniors, all on skates really cause excitement.

Our blue and orange banners are flying high, because we're doing more and wishing less.
